PROFILE

Fullstack developer focused on AI integration and running what I build. I take products from idea to live operation on my own – including deployment, CI/CD, monitoring and backups. **MeisterMeld**, a voice-first software for trade businesses, is live; **PflegeOasis.de** offers care-level calculators and 200+ guide articles from an AI pipeline with human review. I am looking for a permanent position (Dresden or remote) as a fullstack, AI or DevOps/platform developer.
